

## PROJECT STATUS REPORT

<b>Project Name</b>	South Saskatchewan Community Foundation Resource hub
<b>For Week Ending</b>	March 21 <sup>st</sup> , 2025
<b>Project Status</b>	Yellow
<b>Status Description</b>	<p>The reason the project status is yellow is because the website is a work in progress. But also, because us as a team needs to communicate more and suggest more ideas and solutions. Some design aspects need to be tweaked so that design can be done correctly within WordPress and within the free subscription.</p> <p>The status will turn back to green if us as a group comes together and communicates more. As well as we find solutions to some problems, we have within WordPress. We also need to figure out our tweaks and problem solve.</p>

## **Project Issues**

- We had to adapt from our prototype. The buttons and design is limited in WordPress so we will need to make a few tweaks and changes to the header and footer, as well as the menu bar and lay out of each page.

---

## **Project Changes**

- Didn't have a contact page last check in. We then added one into our website.
  - We speak for ourselves and not as the SSCF.
  - Leave fundraising and storytelling out of events section
  - Revamp our homepage without using big meaningless pictures.
-
